VOL. 103 NOS. 1–3, DESALINATION JANUARY 1996

Contents

Desalination reaches 100
M. Balaban (S. Maria Imbaro, Italy) v
Desalination Photobook 1
A science and technology with rich vitality — desalination
J. Chen (Guangdong, China) 13
Early Days in ElectroDialysis
G. Solt (Olney, UK) 15
The part of the private sector in global water planning: the role of desalination
H.-D. von Löbbecke (Washington DC, USA) 21
Solar application in desalination: the Greek Islands experiment
E.-E. Delyannis and V. Belessiotis (Athens, Greece) 27
Developments in a multi-stage flash (MSF) desalting system
M.A. Darwish, M.M. El-Rafae and M. Abdel-Jawad (Safat, Kuwait) 35
Fuel allocation in dual-purpose plants
M.A.K. Al-Sofi and M.M. Srouji (Al-Khobar, Saudi Arabia) 65
Some experiments on flash evaporation enhancement by electrolytically generated bubbles
N. Lior (Philadelphia, USA) and E. Nishiyama (Hyogo, Japan) 71
Analysis of reverse osmosis membrane behaviors in a long-term verification test
S. Kimura (Toyonaka, Japan) 77
Study of an analytical model for hollow fiber reverse osmosis module systems
M. Sekino (Iwakuni, Japan) 85
Experimental and theoretical method for the determination of the daily output of a solar still: input-output method
V. Belessiotis, K. Voropoulos and E. Delyannis (Athens, Greece) 99
The roles of gas bubbling, wall crystallization and particulate deposition in $CaSO_4$ scale formation
D. Bramson, D. Hasson and R. Semiat (Haifa, Israel) 105
The influence of degreasing agents used at car washes on the performance of ultrafiltration membranes
C. Jönsson and A.-S. Jönsson (lund, Sweden) 115

Box 521, 1000 AM Amsterdam, The Netherlands.
Upon acceptance of an article by the journal, the author(s) will be asked to transfer copyright of the article to the publisher. The transfer will ensure the widest possible dissemination of information.
Special regulations for readers in the USA - This journal has been registered with the Copyright Clearance Center, Inc. Consent is given for copying of articles for personal or internal use, or for the personal use of specific clients. This consent is given on the condition that the copier pays through the Center the per-copy fee stated in the code on the first page of each article for copying beyond that permitted by Sections 107 or 108 of the US Copyright Law. The appropriate fee should be forwarded with a copy of the first page of the article to the Copyright Clearance Center, Inc., 222 Rosewood Drive, Danvers, MA 01923, USA. If no code appears in an article, the author has not given broad consent to copy and permission to copy must be obtained directly from the author. The fee indicated on the first page of an article in this issue will apply retroactively to all articles published in the journal, regardless of the year of publication. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotion purposes, or for creating new collective works. Special written permission must be obtained from the publisher for such copying.
No responsibility is assumed by the Publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein.
Although all advertising material is expected to conform to ethical (medical) standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.
